REMARKS

The above identified application was allowed in the Office Action mailed January 25, 2005. The issue fee was mailed March 15, 2005.

Subsequent to payment of the issue fee, Applicants were notified by Examiner Kornakov that the tables contained in the specification could not be printed in their current form and the PTO printer requires that the tables be converted to figures.

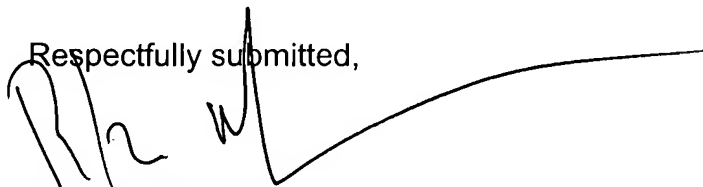

The Tables 1-4 were removed from the disclosure and added as Figures 4-7. The specification was amended to replace all references to the Tables with corresponding references to the Figures. No new matter was added to the disclosure as a result of the proposed amendments.

The requested amendments will not require an additional search and do not raise new issues. Therefore, Applicants respectfully request that this amendment be entered and the requested changes made.

Should the Examiner have any further comments or suggestions, it is respectfully requested that the Examiner contact the undersigned in order to expeditiously resolve any outstanding issues.

To the extent necessary, Applicants petition for an Extension of Time under 37 CFR 1.136. Please charge any fees in connection with the filing of this paper, including extension of time fees, to the deposit account of Texas Instruments Incorporated, Account No. 20-0668.

Respectfully submitted,
